Venerable Order Sons of
Italy in America

You may be interested to know that the number of our member organizations will increase considerably after our June 30-July 1 - 2 Congressional Conference. We have a number of groups which have applied for admission to membership in NCAEG. They will be granted full membership sometime next month, when our Membership Committee meets. This body's job is to weed out any extremist organization or individual who may seek to infiltrate the Confederation.

As agreed, I will call as soon as we have a specific plan to propose.
